Letter.

To

The Secretary to Government,
Development Department, Bombay.

No. RSR-IV of 1952. Poona, the 18th September 1952.

Subject:- Scheme of Co-operative Lift Irrigation.
Draft Five Year Scheme for-

Please refer to my letter No. RSR-IV, dated the 1-2-1952, in which, inter alia, I had suggested the following staff consisting of four sub-divisions, with a view to expeditious planning and execution of cooperative lift irrigation scheme in the State, to work with the Public Works Department exclusively for investigation and preparation of plans and estimates of costs of lift irrigation schemes to be taken up by cooperative societies.

(1) Four Deputy Engineers(Civil) in Bombay Engineering service, Class II in the grade of Rs. 220-15-400-E-B-20-500-E-B-25-650 per mensem

(2) Four Mechanical Supervisors in the grade of Rs. 200-10-300 per mensem.

(3) 12 Over-seers:-

8 in the grade of Rs. 132-8-140-E-B-10-220 E-B-270 per mensem,

4 in the g rade of Rs. 80-5-100-8-140-E-B-10-220-E-B-270 per mensem.

(4) 4 Senior clerks in the grade of Rs. 100-3-140, per mensem.

(5) 4 Tracers in the grade of Rs. 46-3-85-EB-4-105 per mensem.

(6) 4 clerks cum-typists in the grade of Rs. 46-3-85-E.B- 4 -125-5-130 per mensem.

Of these, Government has been pleased to indicate in the Budget White Book(Supplementary Statement of Receipts and Expenditure 1952-1953) for 1952-53 the sanction of the Legislature for the creation of the following staff:-

(1) 4 Deputy Engineers (Civil) in Bombay Engineering Service Class II, in the grade of Rs. 220-15-400-E-B-20-500-E-B.-25-550.

(2) 10 Overseers in the grade of Rs. 80-5-100-8-140-E.-B-10-200 -E-B-10-270.

(3).....

(3) 4 Junior clerks in the grade of Rs. 46-3-85-E.B-4-105 on Rs. 55/- P.M.

(4) 10 peons in the grade of Rs. 30-½-35.

2. I should , therefore, request that Government may now be moved to immediately issue necessary administrative orders sanctioning the staff indicated above so that the Public Works Department could be requested to arrange for the postings of these officers with effect from 1-10-1952.

3. I might further add that at the meeting presided over by the Minister for Cooperatiion, held at Bombay, on 10-9-1952 to discuss the difficulties experienced in the execution of the work relating to cooperative lift irrigation schemes, it was pointed out that the Assistant Agricultureal Engineers at Broach and Bagalkot were under staffed and it was necessary to reinforce their offices to enable them to pay adequate a ttention to the volumnous work of cooperative lift irr igation schemes. The Agricultureal Engineer to Government has, therefore, suggested to me that the following staff is absolutely necessary for each of the officers of the Assistant Agricultural Engineers in charge of Lift Irrigation Schemes at Broach and Bagalkot.

1 Mechanical Supervisor in the grade of Rs. 150-10-300 at Rs. 150-Rs. P.M.

1 Junior clerk in Rs. 55/- p.m. in the grade of Rs. 46-3-85-E.B-4-125-5-130.

I should accordingly request that Government may be moved to sanction two posts of Mechanical Supervisors and two posts of Junior clerks also for these two officers with the least possible delay so that the Joint Director of Agriculture may be moved to appoint the necessary staff as early as possible.

4. I enclose herewith a schedule indicating the cost that would be involved by the sanction of the technical staff iddicated by me above for the five months of this year beginning from 1st October 1952. It will be seen that the total cost would amount to Rs. 30,450/- inclusive of the cost on account of dead-stock which will not be of recurring nature. This estimate includes also the cost on account of 2 Mechanical Supervisors and two junior clerks required by the Assistant Agricultural Engineers at Broach and Bagalkot. The cost, therefore, is well within the cost on account of staff already sanctioned by the Legislature as shown in the Budget White Book at Rs. 30,600/-. There should, therefore,

beno....

be no difficulty in accepting my proposals and I accordingly request that Government may be moved to sanctin the additional staff required by the Agricultural Engineer to Government.

5. In particular, I would be requesting Government in the Public Works Department to station the civil staff at the follow-ing places, under proper administrative dontrol of a responsible officer of the Public Works Department, like the Superintending Engineer.

Sl. No.	Places at which the head-quarters of the sub-division should be situ-ated.	Districts under the jurisdiction of each sub-divi-sion.
1.	Bijapur.	Bijapur, Dharwar, Sholapur.
2.	Belgaum.	Belgaum, Kolhapur Satara South.
3.	Dhulia.	East Khandesh, West Khandesh, Ahmednagar.
4.	Ahmedabad.	Ahmedabad, Amreli, Panch-Mahals, SabarKantha.

I should request that Government may be moved to pass early orders in the matters, since it is expected that the above staff should begin work immediately from 1st October 1952.

Sd. P. J. Chinmulgund,

Registrar, Cooperative Societ-ies and Director of Agricultur-al Marketing & Rural Finance, Bombay State, Poona I.

N.W.18.9.

Copy forwarded with compliments to the Secretary to Government , Public Works Department, Bombay.

2. As soon as the administrative orders of Government sanctio-ning the staff as indicated by me are issued, necessary posting may kindly be ordered at the places indicated in the schedule shown above so that the staff may begin work in right earnest from 1st October 1952 .

Copy forwarded with compliments to the Joint Director of Argirculture, (Engineering), Poona, for information.

2. It is expected that he would take necessary action to

appoint.....

appoint the Mechanical Supervisors and clerks meant for the Assistant Agricultural Engineers at Broach and Bagalkot soon after administrative orders of sanction of the staff are received.

Sd/-

Registrar of Cooperative Societies and
Director of Agricultural Marketing and
Rural Finance, Bombay State, Poona I

These posts have been continued upto 28/2/56. vide G.L.D.D.No.CSH 1051/85 -D, dated 16/4/54. (ODO 5954) (. . 15434 8)

Co-operative Lift Irrigation Scheme Additional staff for preparation oof plans and estimates for Appointment of-

Government of Bombay, Development Department, Resolution No.CSI/1052 D, Bombay 1, 24th October 1952.

*1 Dy Engr.
2 Overseer
1 Clerk
2 Peons discontinued from 3/2/55.

Resolution:- Government is pleased to sanction the creation of the following posts for the purpose of preparation of plans and estimates and issue of feasibility certificates in respect of Co-operative Lift Irrigation Schemes for a period upto 28th ~~February~~ Februart 1953 in the first instances:-

Designation	No.	Scale of pay
Deputy Engineers	4	Rs. 220-15-400-E.B.20-500-EB-25-650.
Overseers	10	Rs.80-5-100-8-140-EB-10-220-EB-10-270
Junior Clerks	4	Rs.46-3-85-E.B-4-105@Rs.55/-per month
Peons	10	Rs. 30-½-35.

2. The expenditure on this account is debitable to the new Sub-head"D(14) Staff forLift Irrigation Schemes undertaken by Government", which should be opened underthe head "42-Co--operation -D-Other Charges" and should be met from the supple--mentary grant, sanctioned by the Legislature, during the current financial year.

By order of the Governor of Bombay,

N.S. Pandit.

Assistant Secretary to Government.

An extract copy of para 5 of letter No.RSR/IV, dated 18-9-1952, from the Registrar, Cooperative Societies, B.S.,Poona, addressed to Government in the Development Department and the P.W. Department.

.....

"5. In particular, I would be requedting Government in the Public Works Department to station the civil staff at the following places, under proper administrative control of a responsible officer of the Public Works Department, like the Superintending Engineer.

Sr. No.	Places at which the head-quarters of the sub-division should be situated.	Districts under the juris--diction of each sub-div:
1.	Bijapur.	Bijapur , Dharwar, Shola--pur.
2.	Belgaum.	Belgaum, Kolhapur, Satara South.
3.	Dhulia.	East Khandesh, West Khan--desh Ahmednagar.
4.	Ahmedabad.	Ahmedabad, Amreli, Panch--Mahals, Sabarkhantha.

Letter.

To

The Secretary to Government,
Development Department, Bombay I.

No. RSR.IV. Poona, October 30,1952.

Subject:- 42-Co/operation.
A New Sub-Head under—

Reference Government letter, Development Department, No. CSL. 1052-D, dated the 24th October 1952.

2. I have already submitted my proposals to Government under this office letter , No. RSR.IV, dated the 18th September 1952, regarding the appointment of additional technical staff required for a work in connection with the cooperative lift irrigation schemes. Government may, therefore, request the Chief Engineer, Public Works Department (Irrigation) to make the necessary appo--intments immediately as indicated in paragraph 5 of my letter, No RSR.IV,dated the 18th September 1952 referred to above, since it is the Chief Engineer who has to make the appointments. A copy of this letter and an extract copy of paragraph 5 of my letter, No. RSR.IV, dated the 18th September 1952 are endorsed to the Chief Engineer, Public Works Department for necessary action.

3. Two statements showing (a) statement I- showing yearwise cooperative lift irrigation schemes for which plans and estimates have been prepared and (b) statement II- showing schemes which have been referred for investigation and in respect of which plans and estimates have to be received yet are sent herewith. I may clarify for the information of Government that the statement No. II does not naturally contain all theschemes to be taken up during the ensuing four years, since all the centre for all the next four years have not been finalised, cannot obvi ously be finalis--ed at this stage. Out of the 163 schemes at present under invest--igation as many as possible would be taken up during the current year, the rest being postponed for the ensuing years in accordance with the funds that would be made available by Government for this scheme. Since Government has not yet finalised its. decision in respect of the five year scheme sent up by me. I have not final--ised the No. of irrigation schemes yet for all the next five years; it may be that a considerable No. of the schemes at present under investigation will drop out at some stage or other and additional centres will have to be referred for investigation as and when the assistant Registrars receive requests from villagers for undertaking lift irrigation schemes on cooperative basis. It would, therefore, be clear that statement No. II in respect of schem s for all the next fouryears can at best be tentative. Hence, only the schemes referred tofor investigation at present have been incorporated in the said statement.

IMMEDIATE.
No.EST 4552 E.

Public Works Department,
Bombay Castle(Bombay No.1),
28 thNovember 1952.

To

The Superintending Engineer, Southern Circle.
The Superintnding Engineer, Central Circle.
The Superintending Engineer, North Gujarat Circle.

Subject:- Co-operative Lift Irrigation Schemes:
Additional Staff for preparation of
plans and estimates for-

---.---.---.---

Reference:- Government Resolution, Development Drpartment, No. CSL 1052 D, dated the 24th October 1952.

2. The special staff sanctioned in Government Resolution, Develop-ment Department, referred to above for the purpose of preparation of plans and estimates and issue of feasibility certificates in respect of the Co-operative Lift Irrigation Schemes, should be attached to the following Divisions as shown below:-

Name of Division.	Deputy Engineers	Overseers	Clerks	Peons.
1. Bijapur Division.	1	2	1	2
2. Belgaum Division.	1	3	1	3
3. East Khandesh Division.	1	2	1	2
4. Ahmedabad Division.	1	3	1	3
Total	4	10	4	10

The staff of Bijapur Dn. discontinued from 2/2/51 See G.R.D.D. No.CSW154-D,dated 3/2/53.

3. For all technical work the above staff should be under the direct control of the Superintending Engineers concerned. For account purposes, however, the staff should be taken as attached to the Division as shown above. The jurisdiction of the area over which the Deputy Engineers will work should be suitably fixed. Preferably the charge should not extend over a revenue District.

4. The Superintending Engineers should post suitable Deputy Engineers , who are experienced in irrigation works, for the work in connection with the Co-operative Lift Irrigation Schemes. The vacancies occurring on account of posting of these Deputy Engineers, should , if necessary, be filled in by appointment of Overseers as officiating Deputy Engineers under intimation to Government.

5. . The Superintending Engineers, should instruct the Deputy Engineers , posted for the lift irrigation works, to study carefully the detailed instructions on designs of Lift Irrigation Schemes issued...

issued by the Director of Agriculture.

6. The other additional staff should be appointed as required.

By order of the Governor of Bombay,
Sd/-

(K.G.Bhate,)

Deputy Secretary to the Government of Bombay,

No. M.I.1/ G.M.31 Letter

Office of the Superintending Engi-neer,S.C., Belgaum 7-12-52

From

The Superintending Engineer, Southern Circle.

To

The Chief Engineer, Public Works Department, Bombay No.1.

Subject:- Cooperative Lift Irrigation Schemes. Additional staff for preparation of plans and estimates for-.

.-.-.-.-.-.-.-.-.-.-.

Reference: G.L.(P.W.D.) No.EST 4552E, dated the 28th November 1952.

2. In this connection , I have to bring to notice that in accordance with G.R.(D.D.) No.CSL1152 D, dated the 3rd October 1952 at all the four stages of the work, viz.

A.. Preliminary Investigation,

B.. Preparation of detailed plans and estimates of cost,

C.. Progress Certificates.

D.. Completion Certificates,

the Executive Engineer concerned has to perform certain functions as regards the Civil portion of the scheme.

3 However , in para. 3 of the G.L. under reference it has been directed that the staff now sanctioned should be under the dir ct control of the Superintending Engineer . It is, therefore, necessary to decide whether the Deputy Engineer concerned (as now sanctioned) should perform the functions assigned to the Executive Engineer in the G.R. referred to in para. 2 above. If not, then the special staff now sanctioned will have to be under the technical control of the Executive Engineer in whose Division schemes are dealt with by him.

4. As regards recruitment of the staff, I am taking the necessary steps but find it unable to select more than one suitable Deputy Engineer from this Circle. I consider that Shri S.M.Madbhavi, B.E., Deputy Engineer, who has been sufficiently long in the Karnatak Irrigation Circle is the only other suitable person for the second post and he may kindly be posted to this Circle for the purpose . If, for any reason, this is not considered possible, then I amy kindly be permitted to select for the post the seniormost permanent graduate Overseer in this Circle in whose ability and suitability I have full confidence.

5. Early orders on paras 3 and 4 above are solicit-ed.

E.A.

P.W.D.

In para 3 of G.L.No. EST 4552-E, dated the 28-11-52, it has been directed that the staff sanctioned for the Co.operative L.I. Schemes should be under the direct control of the S Es. concerned. The S.E.,S.C., now points out that the Ex. Engr.concerned has to perform certain functiones as regards the Civil portion of the scheme, in accordance with the orde s contained in G.R.,D.D..,No. CSL1152-D, dated the 3-10-52. The SE therefore, requests whether the Dy. Engr. now sanctioned should perform the functions assigned to the Ex. Engr. If not, the spl. staff will have to be under the techl. control of the Ex. Engr. concerned. It is for consideration whether S.Es proposal at 'A' above may be accepted.

2. For the reasons given in para 4 of the letter, the S.E. requests that

(a)Shri S .M. Madbhavi, tempy. Dy.Engr may be tra nsferred from the K.I C. to the S.C.

or

(b)he may be allowed to select the seniormost permanent graudate overseer for the post of Dy.Engr.

It may be stated that the Shri Madbhavi has been transferred from the S.C. to the K.I.C. to assist the Ex.Engr. Dharwar Irrign. Dn., in the completion of the Tank Mannual for the Bombay state the question of his retransfer to the S.C. has been dropped vide G.C No.S 90/1/58345-E, dated the 28-6-52.The SEs concerned have been requested to post suitable Dy.Ehgrs., who are experienced in irrigation works, for the work in connection with the co-operative L.I. schemes. The S.E. S.C's proposals to transfer Shri Madbhavi to his Circle or to Select an overseer for the post of Dy. Engr. may not, perhaps, be accepted and he may be requested to post a suitable Dy.Engr.as already required.

Id/-
16-12-52

Re-A:- As ordered the Dy.Engineer is to be under the S E directly for technical matters. Thus go for as the technical w is concerned, the S.E . may perform the necessary duties which are assigned to the Ex.Engr.

The question o tranfr. of Shri Madhbhavi. Dy.Engineer may not be reopened. With so many Diputy Engineers , SE should be able to select a suitable for the job.

Id/-
16-12-52

.E.(I) The S.E. may be informed accordingly.

7th April 1953

To

The S.E., S.C.

Sub:- Co-operative L.I. Schemes

Two Lift Irrign. Societies have been started at Hugatkhan Hubli, Taluka, Bail-Hongal, Dist. Belgaum. The societies have completed their part-of work, but they cannot complete the schemes as the help to be given by the Engrg. staff is delayed. As the work is required to be completed before the 2-5-53, you are requested

to give the necy. help to the societies immediately.

2. The action taken should please be reported. You are also requested to report why the matter was delayed.

By order,

Dy. Secy. to Govt

Dr. Nil.

2-4-

Superintending Engineer, S.C.

No. M.I.1/Lift. Letter

Office of the
Superintending Engineer, S.C.
Belgaum: 18 APR 1953

From

The Superintending Engineer, Southern Circle.

To

The Chief Engineer, Public Works Department,
Bombay No.1.

Subject :- Co-operative Lift Irrigation Schemes. Progress made upto 31-3-1953 on the investigation for the-.

Reference: Para.2 of the endorsement below G.L. (P.W.D.) No. EST 4552 E, dated the 30th March 1953, addressed to Superintending Engineer, Central Circle, Poona.

2. A list of Co-operative Lift Irrigation schemes required to be investigated and for which plans and estimates are to be prepared pertaining to each District in this Circle was obtained from the Executive Engineers concerned and was forwarded to the Assistant Registrar concerned for indicating priority and inclusion of any new schemes. Priority lists have been received from all the Assistant Registrars.

3. Appointment of the Deputy Engineers was ordered in this Office Notification No. G.38/1, dated the 29th January 1953 and the offices of the Deputy Engineers have been opened with effect from the date shown against each as under :-

Deputy Engineer, Co-operative Lift Irrigation Schemes, Belgaum.	1-2-1953
Deputy Engineer, Co-operative Lift Irrigation Schemes, Bijapur.	9-2-1953.

Instructions as regards procedure and technical matters were issued to the staff, vide this office Memorandum Nos. M.I.1/Lift of 11th February 1953 and Technical Circular No. M.I.1/Lift, dated the 20th February 1953 (copies enclosed).

4. A statement showing the list of schemes arranged in order of priority as received from the Assistant Registrars concerned and progress made on investigation thereof for the period ending 31st March 1953 is herewith submitted. It would be seen therefrom that after the special staff was appointed, some seven schemes have been investigated (Five schemes have been investigated by the Deputy Engineer, C.L.I.Schemes, Belgaum and two by the Deputy Engineer, C.L.I.Schemes, Bijapur.). In addition, the Deputy Engineer, C.L.I.Schemes, Bijapur has also investigated the C.L.I.Scheme at Hire-padsalgi as ordered in C.L. (P.W.D.) No. CLI 1053 I, dated 16-2-1953, a report regarding which will be submitted on receipt from him.

No. M.I.1/Lift.

Executive Engineer's Office,
Belgaum: 4th May 1953.

To.

The Superintending Engineer, Southern Circle,
Belgaum.

Subject :- Co-operative Lift Irrigation Schemes.

Reference: Your endorsement very urgent No.M.I.1/Lift, dated the 11th April 1953.

2. There are two co-operative lift irrigation schemes - one on site 'A' and the other on site 'B' at Mugatkhan Hubli, Taluka Bailhongal, District Belgaum.

3. (i) The co-operative lift irrigation society for the site 'A' has carried out the following civil works :-

	Estimated amount
1) Inlet	Rs. 1,924/-
2) Jack well	Rs. 4,279/-
	Rs. 6,203/-

Upto the end of December 1951.

Afterwards the Society found it difficult to carry out the remaining works (civil portion) of -

1) Rising main and delivery chamber	Rs. 820/-
2) Engine House	Rs.1,560/-
3) Irrigation channel	Rs.2,306/-
Total Rs	Rs.4,686/-
Add 29.2% centage charges..	Rs.1,368/-
Total....	Rs.6,054/-

Hence this office was requested by the Society in the month of January 1952 to take up the above works and complete the same. The Co-operative Society has paid only Rs.1,000/- as part deposit against the total deposit of Rs.6,054/- in the month of Jan.1952.

(ii) The works of Engine foundations and irrigation channel were started in February 1952 through piece work agency to expedite the work though part deposit was received.

The Deputy Engineer, Village Water Supply Sub-Division had requested the Assistant Registrar, Co-operative Societies, Belgaum under his No.60-C/1817, dated 23-4-1952 to pay the remaining deposit amount as the Co-operative Society had expressed its inability to pay remaining deposit. He was also informed that the work will be interrupted if the remaining deposit is not received early.

(iii) The work to the extent of Rs.1,000 (including 29.2% centage charges) has been completed. Neither the Society nor the Assistant Registrar has made any arrangements to pay the remaining deposit so far. This office has also requested the Chairman of the Co-operative Lift Irrigation Society under this office No. M.I.1/Lift, dated 24th April 1953 to pay the remaining deposit of Rs.3,486/- after deducting the amount of Engine House work, which was since withdrawn by the Society as per their resolution passed in the meeting on 19-12-1952.

It was, therefore, not possible and even now it is not possible for this Department to expedite and complete the works before 2nd of May 1953 as remaining deposit is not paid by the Co-operative Lift Irrigation Society or by the Assistant Registrar, Co-operative Societies, Belgaum.

4. Co-operative Lift Irrigation Scheme at Site 'B' :-

(i) The Co-operative Lift Irrigation Society entrusted the

work .....

work of irrigation channel costing Rs-8,830 + 2,578 (29.2% C.C.) = 11,408 by paying part deposit of Rs.3,000/- against total amount of Rs.11,408/-.

(ii) The Society has not paid the remaining amount though expedited under this office No. M.I.1/Lift, dated 26-2-1953. The matter was also discussed by me with the Assistant Registrar, Co-operative Societies, Belgaum on 6-2-1953 in my office. He was also requested under this office No. M.I.1, dated 13-3-1953 to pay the balance deposit very early.

The Assistant Registrar has paid only Rs.1,915/- on 27-4-1953 and promised to pay the remaining early.

(iii) The work is started in anticipation of the receipt of the remaining deposit and the work will be completed before monsoon provided full deposit amount is kept at the disposal of this office early.

5. It will be seen from the detailed information given above that efforts were made to help the Society to give all technical help and to start the works even though the deposit amounts were not fully paid as required under clause IV of Rule 267 of the P.W.D. Manual, Volume I. With a view to expediting progress, works were even started to the extent of amount available though such starting of work in parts entails a heavy strain on this office staff and disturbs the organizational set up.

Inspite of taking therefore so much pain, it is painful to find that Government has been incorrectly informed regarding facts of the case. Even as recently as in the last meeting of the Rural Development Sub-Committee held on 25-4-1953, the Undersigned personally informed of these facts to the concerned people and as soon as the requisite amounts are received from the A and B societies further work will be resumed and completed as much as can be done before the monsoon starts.

It is doubtful whether the executive engineer, Belgaum Division would able to make necessary arrangements complete the execution of the irrigation schemes referred to by him in his letter dt 4-5-53 before Monsoon, even if the concerned parties concerned pay the full amounts of deposits at this stage. The attended letter to the R.C.S. may, however, be sent and the file may be returned to the P.W.D. after reciving advice of Rs 165-171 in this file, in this Deptt. The R.C.S. reply in the matter may be shown n.o. to the P.W.D. also received in this Deptt.
